

Hassnain Aly

Unreal Engine and 3D Artist

+92 3133680630 hassnainaly30@gmail.com Click here for Portfolio Hyderabad, Pakistan

SUMMARY

Skilled 3D Artist with 4+ years of experience creating optimized VR environments, architectural walkthroughs, and interactive real-time experiences. Specialized in Unreal Engine pipelines, environment creation, lighting, and VR performance optimization. Experienced in delivering presentation-ready assets with strong visual quality while maintaining real-time performance standards.

EXPERIENCE

3D Artist 2023 – Present

Mixeal

- Creates polished VR environments and presentation-ready assets for immersive projects and client
- Supports scene dressing, optimization, and asset consistency across real-time experiences.
- Turns rough concepts into clean, production-friendly 3D visuals ready for headset and screen use.

3D Artist And Rendering Specialist 2024 – 2025

Aykah

- Produced photorealistic renders for furniture, interiors, and product presentations across client projects.
- Enhanced product visuals and architectural scenes with lighting, composition, and material polish.
- Balanced visual fidelity with real-time performance for VR walkthroughs and interactive previews.

Core Expertise

3D Modeling	VR Optimization	PBR Texturing
Archviz	Product Visualization	Rendering
Lighting	Environment Design	

Languages

- English
- Urdu
- Sindhi

SKILLS

Unreal Engine	3DS Max	Photoshop
Blender	Problem Solver	Optimization
Substance Painter	Environment Creation	Communication

KEY PROJECTS AND ACHIEVEMENTS *hyperlinked*

[The Final Overs VR Cricket Game \(Meta Store\)](#)

Built atmospheric cricket environments with scene dressing and lighting that kept gameplay readable in VR. Optimized asset quality and performance so the world stayed clear and responsive in headset.

[Kynetik VR Shooter Game \(Meta Store\)](#)

Created stylized sci-fi visuals that supported fast-paced VR action and strong player readability. Focused on clean asset presentation, contrast, and Quest-friendly real-time performance.

[Medic VR](#)

Modeled and textured highly detailed medical props and realistic hospital environments for clinical training simulations. Ensured strict visual accuracy while maintaining optimized topology for smooth VR performance.

Virtual Villas – Meta Quest VR

Modeled and dressed villa interiors and exteriors for smooth VR walkthrough presentation. Delivered optimized, presentation-ready assets and lighting for a polished real-time experience.

EDUCATION

Bachelor of Computer Science 2025 - Ongoing
Virtual University Of Pakistan
